CHITALDRUG DISTRICT.

Subject and speaker	Summary of discussion	Reply of Govt.
Suject No 280 Construction of an Anikat across Tungabhadra near Bhairanapada. Mr. H. S. Nanjunda Rao of Davangere Taluk.	The Chief Engineer has not yet investigated the proposed construction of an Anikat across the Tungabhadra River near Bhairanapada.	This is a large project, but it is believed that the gain to Mysore from it would not be much. It will, however, be duly investigated by the Public Works Department.
Subject No 281 Water-supply to Harihar and Davangere. Mr. H. S. Nanjunda Rao of Davangere Taluk.	The question of water-supply to the towns of Harihar and Davangere will, it is hoped, receive the favorable consideration of Government.	Under investigation.
Subject No 182 Extension of the school building at Davangere. Mr. Channagiri Somanna of Davangere Taluk.	The strength of the Anglo-Vernacular School at Davangere is 600; the present school building is not only very small but has no compound attached to it for physical exercises. It is therefore prayed that a spacious building with an extensive compound may be constructed.	The construction of a suitable building will be expedited by Public Works Department.
Subject No 283 Avergola Tank project. Mr. Channagiri Somanna of Davangere Taluk.	It is prayed that in order to afford some relief to poor people now suffering from the prevalence of abnormally high prices of food grains, &c., the Avergola Tank project, which has been sanctioned, may be put in hand as a relief work.	Public Works Department will expedite.
